The Amazing Ocean Manor Resort on the Galt Ocean Mile

By Victoria Hagendorf

I can't believe it has been 14 years that I have known Frank Talerico, owner, of this amazing resort. He has completely remodeled and continues to add beautiful, new exquisite touches to this place, making Ocean Manor Resort the number one resort on the Galt and then some! It seems every time I stop by, I experience a new update. The lobby is spectacular and dazzling, with high back white leather chairs, as well as a comfortable place to meet and greet, or just sit there and take in the awesome scenery. There is a small snack bar with beverages and sandwiches open 24/7.

The previous owners before Frank had really let the place go, so Frank had a challenging journey to update. Let's start with the Tiki Hut; he has made it a fun place to go to for lunch, dinner, or simply snacks with your favorite beverage. Today we stopped in because we were in need of some good food, and OMG...was the Grouper dinner spectacular! It came with honest to goodness real mashed potatoes and sautéed asparagus. The fish was fresh, tender, and seasoned perfectly. This was simply a fabulous meal. The best part was that all of this fine food was complimented by an ocean view with the waves rolling in under a magnificent painted sky provided by God for our dining pleasure.

Our server, Dan the man, is a steady faithful presence at Ocean Manor for over 12 years, and has known Frank since back in the days of Hungry Howies. We started with the Margarita flatbread, which comes with mozzarella cheese, sliced fresh tomatoes and fresh basil. It really makes a difference when the flatbread has all fresh ingredients—even their dough is made from scratch. Happy hour comes with drink specials and a unique menu for appetizers.

Frank has taken over the restaurant & lounge, naming it Casa Calabria, after his home town in Italy. This is so authentic, he even went the extra mile, by bringing in chefs from Calabria, Italy. The food here is truly amazing, providing one of the best places to go in SoFlo, for honest to goodness home-style cooking straight from Italy! They also have their special deli meats and cheeses, also imported from Italy, that you can purchase. At the Ocean Manor Resort there are units for sale, rent, as well as time-share. They are currently remodeling the Penthouses and enhancing the experience so when you schedule your stay at Ocean Manor Resort you will actually experience a dream come true. It is a beautiful magical place beginning and ending each day gazing and relaxing with fabulous ocean views.

Congratulations to Billy Sullo for opening up his second location in the lobby of the Galt Ocean Mile Hotel. He completely remodeled and expanded the salon which now looks super modern and very chic. Stop by, he will help you find the best style, cut, and color for your face.

Kudos to Frank Talerico for doing what no one before could accomplish. He has turned a failing resort into a magnificent hotel with exquisite food and fantastic service.
